

October 21st through 23rd, 2011
Wealthy Theatre Grand Rapids, Michigan

Thriller! Chiller! is an international true independent genre film festival celebrating its 6th year.

What we do: Our fans expect a fun interactive event that reminds them of why they love going to the movies. Action, sci-fi, suspense, and horror movies like those you discovered as a kid on late night TV after your parents went to bed, or on some random Saturday afternoon hanging with your friends at the theater. Movies made with vision and grit. Movies made when it was just about the fun of going to the movies.

Why we're unique: This is not your traditional film festival. Our fans should expect a fun interactive event that reminds them of why they love going to the movies. We offer popcorn movies and cold beer.

When:

***Thriller! Chiller!* Film Festival**

Michigan's Premier Film Festival Celebrating the Genre Movie

Friday, October 21st to Sunday, October 23rd (the weekend before Halloween)

Wealthy Theatre, 1130 Wealthy SE, Grand Rapids, Mich.

Who we are

Anthony Griffin of UnSAFE Film Office, Chris Randall of Fulvew Productions, and Shirley Clemens of Twain Girl. We're filmmakers. We're community advocates. We're Michiganders.

FESTIVAL HIGHLIGHTS:

- **The best in genre cinema from the U.S. and around the world in the genres of sci-fi, action, suspense, and horror.**
- **78 films over 3 days, representing 11 countries.** Fourteen features, 61 shorts, and three cult classics – including 18 Michigan-made movies – for a total of 78 national and international films to screen at this year's festival. Countries represented: UK, Canada, US, France, Brazil, Germany, Thailand, South Korea, Italy, Australia, and Iran.
- **Michigan Made Movies: 18 Michigan-made films will be screened in 2011.** If it's local we love it has always been our philosophy as long as it's a well made film that fits into the festival genres of sci-fi, action, suspense, thriller and horror. We feel it's important for Michigan based film festivals to support Michigan made films; and with the increase in the number of productions in recent years, we want our focus on our state's talent to match the interest.
- **Cult Classics:** In an effort to uncover the next cult classic, *Thriller! Chiller!* provides a platform for recognition of the movie genres often overlooked by more conservative film festivals. Most of those are true independents, but we also play at least one Hollywood-style cult classic for the fans every year. Our 2011 Cult Classics are : **Cape Fear, Die Hard, and Night of the Living Dead.**
